## Manufacturers Represented, January, 2021

For technical sales and support, please contact us at 972 414-8188

### SWITCHES, KEYPADS, JOYSTICKS AND LED INDICATORS:

professional switch products, keypads, LED indicators and joysticks for various markets including instrumentation, medical, communications, industrial automation, defense and transportation. [www.apemgroup.com](http://www.apemgroup.com)

### RUGGED COMPUTING PRODUCTS:

rugged servers, displays, storage devices, networking and embedded computing devices for mission critical applications. [www.crystalgroup.com](http://www.crystalgroup.com)

### RUGGED SMALL FORM FACTOR EMBEDDED COMPUTING

**SOLUTIONS:** Single Board Computers, I/O, NVidia solutions, Mass Storage, Enclosures, Power Supplies, Subsystems and Systems. [www.diamondsystems.com](http://www.diamondsystems.com)

### DATA BUS, MOTION CONTROL AND SOLID-STATE POWER

**CONTROLLER PRODUCTS:** for aerospace and defense vehicles, and industrial applications. [www.ddc-web.com](http://www.ddc-web.com)

### MILITARY AND COMMERCIAL CASE SOLUTIONS:

standard and custom solutions -- shipping cases, transit cases, rackmount cases, etc... rotomold, FRP, Carbon Fiber, VIP... [www.ecscomposites.com](http://www.ecscomposites.com)

### RUGGED ELECTRONIC PACKAGING SOLUTIONS FOR THE DEFENCE

**INDUSTRY:** technical and engineering solutions, electro-mechanical integration, sheet metal fabrication, machining, welding, chemical processing, finishing and assembly, custom solutions. [www.electromet.com](http://www.electromet.com)

### ELECTRONIC SUBSYSTEMS FOR VPX, VME, Cpci, etc;

single board computers, mass storage, integrated systems. [www.elma.com](http://www.elma.com)

### HEAVY DUTY CABINETS, EMI/RFI SHIELDED ENCLOSURES,

**INDUSTRIAL CABINETS AND SERVER RACKS:** heavy duty cabinets, EMI/RFI shielded enclosures, challenger cabinets, sub-rack card cages, industrial cabinets, KDI server racks. [www.equiptoelec.com](http://www.equiptoelec.com)

### SHOCK AND VIBRATION ISOLATION PRODUCTS:

rugged all-metallic, cable type isolators, for military and industrial applications. [www.isolator.com](http://www.isolator.com)

**UNINTERRUPTIBLE POWER SYSTEMS:** conditioned power products for domestic, international and global voltages. [www.intellipower.com](http://www.intellipower.com)

**CAPACITORS:** Aluminum Electrolytic and Plastic Film Capacitors (large capacitance, small size, high ripple current, ultra high voltage, long life, high reliability). [www.jianghai.com](http://www.jianghai.com)

**LINEAR SLIDES AND MOTION SUBSYSTEMS:** precision aluminum slides, steel slides, friction slides, stainless steel slides, brackets, trays, sheet metal & sheet metal assemblies, cable management systems, plastic components, fasteners & precision machined components including ruggedized assemblies, kits, and custom engineered products. [www.jonathanengr.com](http://www.jonathanengr.com)

**EMBEDDED COMPUTING, SMART ALL-IN-ONE COMPUTERS, CONTRACT MANUFACTURING:** Touchscreen computers for commercial and industrial applications [www.logicamericas.com](http://www.logicamericas.com)

**BUSBARS, FUSES AND THERMAL MANAGEMENT SOLUTIONS:** Power Transfer solutions, BusBars, Electronics Cooling Solutions, Electronic Systems for Energy Management, Surge Protection, Fuses, Fusegear, and Fuse Systems, Low Voltage Disconnect Switches, High Power Switches and Contactors. [www.ep-us.mersen.com](http://www.ep-us.mersen.com)

**SLIP RINGS, MOTORS, FIBER OPTICS:** synchros, resolvers, actuators, solenoids, fiber optic rotary joints, fluid rotary unions, integrated motion assemblies; high performance fans and thermal solutions, fiber optic modems and mux/demux products, additive metals. [www.moog.com](http://www.moog.com)

**POWER AND HIGH VOLTAGE SEMICONDUCTORS FOR HARSH ENVIRONMENTS:** discrete semiconductors and modules. rectifiers, schottkys, transistors, bridges, MOSFETs, IGBTs, etc... [www.ssdi-power.com](http://www.ssdi-power.com)

**ELECTROMECHANICAL AND SOLID STATE RELAYS, COAX SWITCHES AND SWITCH MATRICES:** electromechanical relays mil/aero solid state relays, industrial power solid state relays and motor controllers. [www.teledynereleys.com](http://www.teledynereleys.com)

**POWER SUPPLIES:** Wall Industries offers a full line of DC to DC converters and AC DC power supplies with an emphasis on modified standard and customized power solutions. [www.wallindustries.com](http://www.wallindustries.com)

## Dallas
